

Digital

Pharmacy Today reaches a varied pharmacy audience through their website, eNewsletters, ELearning and Facebook.

PHARMACY TODAY WEBSITE

Updated daily during the week, now you can connect with pharmacists who regularly log on and check out the latest in the world of pharmacy. There are news updates, business stories, blogs, videos and the chance to have your say through online polls and comments.

 Large 300 pixels W x 600 pixels H

Up to four unique ad spaces available per location.
 Ads rotate with each click and refresh.

NEW HOSTED CONTENT

Integrated among *Pharmacy Today's* editorial content, our new hosted content is the space to develop a relevant and interesting conversation with our readers, launch new products, or remind customers your point of difference in the market.

Treated as an article rather than an advertisement space, the content is mobile and tablet-friendly, searchable and sharable through social media. This content also benefits from our related-links feature, click through, to an internal or external website and is saved in our archives. Finally, this is available to everyone as viewers don't need to log in to read your content.

The below spaces are the specs for the synopsis or preview on the *Pharmacy Today* homepage. This will click through to a full web-page containing your content.

Large \$1600 per month
 Measurements 627 pixels W x 595 pixels W

Small \$1000 per month
 Measurements 215 pixels W x 204 pixels W

Press releases \$100 per link per month

Packages available.

Acceptable file formats for all web content include gif, jpeg, animated gif, or swf (must be embedded with the click tag). For website advertisements, all artwork must be 50kb or less and accompanied by a URL. Hosted content's hero media (the image/video on the home page), must be less than 50mb.

eNEWSLETTERS THROUGH @PHARMACYTODAY

Currently published each Wednesday. More than 1500 pharmacists and staff have opted to have this e-newsletter delivered weekly, direct to their inbox.

40 per cent open rate compared to industry standard of **20.87 per cent**

Medium rectangle\$250 per newsletter
 Measurements 300 pixels W x 250 pixels H

All rates are net of agency commission and exclude GST. The acceptable file formats are jpg and gif. Maximum file size is 20kb. Advertising artwork must be accompanied by a URL to link to, eg, www.yourname.co.nz

For information on developing training courses, contact Grayson Cobb on +64 27 545 8390.

ELEARNING

ELearning is a digital library containing all *Pharmacy Today's* ENHANCE-accredited articles, such as How to Manage and Clinical Practice, and a selection of product training courses. Courses are added monthly and all registered users are notified of new courses through monthly EDMs. Every pharmacy user must access the library through this screen.

Medium rectangle\$250 per week
 Measurements300 pixels W x 250 pixels H

Large rectangle\$500 per week
 Measurements300 pixels W x 550 pixels H

FACEBOOK

The Pharmacy Today Facebook page is our most popular social platform. It is used primarily to support promotional activity, such as boosting views of ELearning training courses, hosted content on the website, or an independent story printed in *Pharmacy Today*.

The boosted posts may be shared across our ELearning and New Zealand Doctor Facebook pages to connect your brand's message to all our readers.
