

A unified future for pharmacy to enable excellent patient care

A Common Purpose Statement

LEADERSHIP & COLLABORATION

We are stronger together. By working collaboratively, we will represent the pharmacy sector to drive positive change to improve health outcomes by providing excellent patient advice and care.

SUSTAINABILITY

We will address sector sustainability, challenges in funding, staff well-being, workforce development and professional pathways to best serve patients now and in the future.

WORKFORCE

We will push for a well-resourced, supported workforce now and in the future, ensuring pharmacy continues to play a vital role in improving patient care.

EQUITY

We believe pharmacy plays a key role in achieving health equity for all New Zealanders. We will use Te Tiriti o Waitangi to drive equity across leadership, collaboration, advocacy and services.

SCOPE OF PRACTICE & INNOVATION

We are committed to enabling the pharmacy workforce to deliver better patient outcomes by working at the top of scope in all settings, incorporating innovation and new developments in medicines.

ADVOCACY

We will advocate for pharmacy's unique value and positive impact on patient care within our health system.
